## 1 Objective

This list describes the scope of accreditation (list of products).

### 1.1 Scope

Diese Anweisung ist für folgende PEHLA-Bereiche und Personengruppen verbindlich:

<input type="checkbox"/>	PEHLA office
<input type="checkbox"/>	PEHLA division „Inspection & Services“
<input type="checkbox"/>	PEHLA division „Testing“
<input checked="" type="checkbox"/>	PEHLA division „Product Certification“
<input type="checkbox"/>	Contractors (I&S, ZERT)

### 1.2 Definitions

Kürzel	Bezeichnung	Übersetzung (Englisch)
PEHLA-Organisation		
PEHLA	PEHLA GmbH (Gesellschaft für elektrische Hochleistungsprüfungen)	PEHLA GmbH (Gesellschaft für elektrische Hochleistungsprüfungen)
GS	PEHLA-Geschäftsstelle	PEHLA office
I&S	PEHLA-Bereich „Inspektion & Services“	PEHLA division „Inspection & Services“
Testing	PEHLA-Bereich „Prüfung“	PEHLA division „Testing“
ZERT	PEHLA-Bereich „Produktzertifizierung“	PEHLA division „Product Certification“
LA	Lenkungsausschuss des Bereiches „Produktzertifizierung“	Steering committee of the "Product Certification" division
GA	Gesellschafterausschuss der PEHLA GmbH	Shareholder committee of PEHLA GmbH
VA	Verwaltungsausschuss der PEHLA GmbH	Management committee of PEHLA GmbH

PA	Prüfausschuss des PEHLA-Bereichs „Prüfung“	Technical committee of PEHLA division “Testing”
Qualitätsmanagement		
QMA	Qualitätsmanagement-Ausschuss des PEHLA-Bereichs „Prüfung“	Quality management committee of PEHLA division “Testing”
QMS	Qualitätsmanagement-System	Quality management system
QMH	Qualitätsmanagement-Handbuch	Quality management handbook
RL	PEHLA-Richtlinie des PEHLA-Bereichs „Prüfung“	PEHLA Guideline of PEHLA division “Testing”
GP	QMS-Dokumente der Geschäftsstelle	QMS documents of PEHLA office
IP	QMS-Dokumente des Bereichs I&S	QMS documents of division I&S
ZP	QMS-Dokumente des Bereichs ZERT	QMS documents of division ZERT
STL		
STL	-	Short-Circuit Testing Liaison
STL MC	-	Short-Circuit Testing Liaison Management committee
STL TC	-	Short-Circuit Testing Liaison Technical committee

### 1.3 Responsibilities

The Head of ZERT is responsible for amending, approving, and distributing this instruction.

### 1.4 Applicable Documents

Dokumenten-Nr.	Dokumenten Titel
ZP QMH	Quality management manual
ZP 006	List of programs and product standards
ZP 101	PEHLA Product Certification System

## 2 Flexibilization

The products according to this overview are subject to the flexible scope of accreditation according to DAkkS rule R-17065.

Application, category B	
Reference:	DAkkS Rule R-17065, Chapter 7.8.4 Granting of flexibilization for the scope

The relevant products are listed in the following Table. Additions resulting from flexibilization are entered and marked as new items in new revisions of the document.

The **scope of duties** of the PEHLA Product Certification Body covers the products listed below as components of electrical power engineering in the fields of medium and high voltage (voltage range above 1 kV AC and above 1 kV DC):

No.	Designation of equipment	Approval, Name <sup>1</sup>
1	Circuit breakers, disconnectors and earthing switches, switches	05/2020, Ozwirk
2	Contactors and motor starters	05/2020, Ozwirk
3	Fuses	05/2020, Ozwirk
4	Switchgear	05/2020, Ozwirk
5	Overvoltage protection equipment	05/2020, Ozwirk
6	Transformers, reactors, tap-changers	05/2020, Ozwirk
7	Current and voltage transformers	05/2020, Ozwirk
8	Capacitators	05/2020, Ozwirk
9	Insulating bodies, insulators, bushings	05/2020, Ozwirk
10	Fittings for overhead lines and switchgear	05/2020, Ozwirk
11	HVDC thyristor valves	05/2020, Ozwirk

The product standards on which this scope of duties is based are to be found in the PEHLA Certification System ZP 101. The product standards are subject to category A of flexibilization.

This does not include confirmations with regard to the requirement of product directives as implemented in national law.

---

<sup>1</sup> Flexibilization Officer

The relevant certification programs and product standards relating to the scope of accreditation are included in the applicable ZP 006.
